

GOLF WHISPERS

MR. WILLARD HELPS THE GIRLS HIT PITCH SHOTS AND MRS. MURPHY HOLDS UP A GIRLS GOLF SHIRT! WHAT FUN!

Girls Golf of Johns Island Gets Going!!!!

Thank you for your donations, contributions and time dedicated to the LPGA* USGA Girls Golf Program of Johns Island. The program has kicked off to a good start. Our second series of five clinics begin Sept. 10. The children started with putting and learned the game from the green backwards. By the last class the children were using all

their new skills while playing a four hole team scramble on the range. With the help of Mrs. Williams and Mrs. Willard the children made friendship bracelets. We worked to improve their motor skills through cross training and focusing on hand eye coordination through tossing and catching. The School of Empty Hand Art Karate Dojo

came out to show the children how balance and kicking used in Martial Arts can be similar to the focus on target needed while playing golf. Follow us on Facebook- LPGA* USGA Girls Golf of Johns Island. We will update you this fall after another great session.

CRAFTS WITH MRS. WILLIAMS AND MRS. WILLARD

THE BOYS PUTTING

CORN HOLE TOSS WITH MR. CORCORAN

WHAT EVE LEARNED FROM JUDITH ASHLEY CHANGED HER PERSPECTIVE....ON LIFE, GOLF AND LEARNING

“Building on the concept of a collaborative approach to learning, Eve recently engaged the support and services of a retired Vice President of Human Resources, Judith M. Ashley, whom Eve has known for several years.

Judith provided a personal profile tool for Eve to self-administer, and the learning outcome has given Eve a deeper understanding of how she can apply her increased self-knowledge to strengthen and align her coaching with her clients’ unique learning styles, and at the same time positively impact the quality of her own life in the process.

Judith will provide the same service for any of Eve’s clients who wish to gain additional tools for effective self-management, particularly in support of their learning experience with Eve.

For a nominal fee, Judith is available, if you are interested in the self-administered profile and a one hour phone consultation and, if appropriate, two follow-up phone consultations. Please contact Eve for more information.

Judith’s 25-year career covered all aspects of Human Resources work, both in the U.S., and internationally, with particular emphasis on developing global diversity strategies for productivity improvement. Judith retired from Intel Corporation in 2000.”
